**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do not allow AT&T to monopolize the customer base - in America we enjoy capitalism and frown upon huge monopolized behemoth corporations because its UNAMERICAN to shut out competition. Currently I am only offered two or three providers in my area (downtown Sacramento) and because I live in an apartment, no dish services do that leaves me with AT&T which is HORRIBLE customer service, over-priced, and was caught lowering internet speeds below what we paid for without telling us. This is what corporations do to customers when they become the only choice. We cannot allow an ISP to get that big. Its UNAMERICAN and I will move out of CA because of these liberal policys that destroy capitalism & free market. I work for State Of CA 25 years and every co worker I speak to us furious about where CA and many other Left-leaning states are headed (Bankruptcy & corruption). Thank you for hearing me out.
